

Many-body theory Seminar

All are welcome

Di 17.12. 15:30 46/576	Mathis Giesen <i>Higher order resonances in periodically driven magnon systems</i>
Di 07.01. 15:30 46/576	Flavia Bragar <i>Fractional charge transport in quantum wires beyond linear response</i>
Di. 14.01. 15:30 46/576	Larissa Schwarz <i>Non-equilibrium states in the periodically driven transverse field Ising model</i>
Di. 21.01. 15:30 46/576	Daniel Weber <i>Transmission resonances for alternating local potentials</i>
Di. 28.01. 15:30 46/576	Dominic Windecker <i>Numerical study of resonant behavior in spin chains with time periodic driving</i>
Di. 04.02. 15:30 46/576	Minh Duc Tran
Do. 13.02. 15:30 46/576	Rodrigo G. Pereira, Natal <i>Special theory colloquium</i>
